Notes for Warranty

(Always get a receipt of the work done to your vehicle and keep it safe)

Oil Changes - Make sure you have the following items on your receipt

- Oil Type
- Oil Quantity
- Oil Filter
- Date
- Mileage

Warranty Work –

- The shop **MUST BE** ASE Certified
- The shop is willing to call in warranties
- The shop is willing to use the parts warranty supplies
- The shop is willing to accept the labor time that warranty provides
- The shop has an hourly rate of \$130 or less
- The shop **MUST** call into warranty with proof of failure before repairs
(There could be extra charges if they don't agree to these terms)

Chargers – These are some you will run into (There could be others)

- If they don't follow the terms above
- Deductible (most are \$100)
- If there isn't anything to call into warranty/gets denied there is still a diagnostic fee
- If something needs programmed there could be additional costs

Rental Reimbursement –

Your warranty does have a rental reimbursement program. Once a claim has been started you can call 888-740-6170 for details on how to get a rental vehicle.
